

Vertical Balers

X-series

Baler X4830

Durable machine with superior press force

Strong cross cylinders provide a superior press force that allows for quick compaction of large volumes of heavy-duty waste.

Fits in tight spaces

The low overall height of just under 79 inches permits the baler to fit in tight spaces that have height restrictions. Easily install the X4830 anywhere you'd like.

Highlights

- For many different recyclables
- Low overall height
- High press force
- Very low noise level
- High speed and high efficiency
- Powder Coating provides durable finish in many colors

Optional Extras

Personalize your baler with a custom RAL colour of your choice.

Top-mounted strap holder lets you install your baler close to the wall.

Gain remote control of your baler with our intelligent fleet monitoring system, BRA-IN.
